# Pet Salon 2-in-1 pet dryer and brush

SKU: TEPETGROOMINGCOMB

## A complete grooming kit for your four-legged friend

### A 2-IN-1 ACCESSORY FOR PET GROOMING

The **Pet Salon 2-in-1 pet dryer** combines drying and brushing in a single accessory, making your pet's grooming routine easier and more convenient at home. The **stainless steel slicker brush** with rounded pins helps detangle knots and small tangles, keeping the coat healthy and shiny, while the warm airflow quickly dries the fur. It is recommended to keep moving the dryer over different areas to avoid overheating the skin and never direct the airflow towards your pet's face. Pet Salon is suitable for short, medium, long and curly coats.

### PROFESSIONAL GROOMING AT HOME

The **2 airflow speeds** let you adapt drying to different coat types and needs. You can initially switch the dryer on at the higher speed to warm it up, then reduce it to the lower setting before using it on your pet. This helps prevent startling your pet while still providing quick and effective drying.

With a noise level below **75 dB**, the device is designed to help reduce discomfort during grooming. The dryer is also equipped with **overheating protection** and automatically switches off when a specific temperature is reached.

### REMOVABLE HEAD AND EASY-TO-CLEAN ERGONOMIC DESIGN

The **removable brush head** makes the brush easier to handle and clean, while the filter cover is designed for easy cleaning and helps reduce the build-up of pet hair. The **ergonomic handle** provides greater comfort during use, while the **1.5-metre** power cable gives you greater freedom of movement.
