My Feedo 4L smart pet feeder with Wi-Fi and microphone

SKU: TEPETWIFOOD

Scheduled and controlled meals to care for your pets even when you're away

MAKE EVERYDAY PET CARE EASIER

The **My Feedo automatic dry food dispenser** lets you manage your dog or cat's feeding directly through the **Hi-Feedo app**, compatible with **iOS 12 or later and Android 7 or later**. You can customise feeding times and portions, check completed meals and organise a regular feeding routine even when you are away from home, helping you care for your pets wherever you are. The **4-litre food container** provides a practical capacity for everyday dry food management.

CREATE FEEDING PLANS AND KEEP TRACK OF MEALS

Download the Hi-Feedo app to access all the smart functions of this dry food dispenser. Create a feeding plan with a set number of portions to be dispensed at a specific time of day. You can disable the schedule at any time and choose to dispense the dry food manually through the app at a different time instead. The meal history lets you keep track of your four-legged friend's feeding routine for greater control. My Feedo can also be used together with the Acquabuddy smart water fountain: by adding both devices to your profile in the Hi-Feedo app, you can schedule water and dry food to be dispensed at the same time, creating a more complete care routine for your pet.

AUTOMATIC DISPENSING OF UP TO 8 PORTIONS

This **smart feeder for dogs and cats** lets you schedule from **1 to 8 portions** and is designed for dry food measuring between **2 and 10 mm**. The lid features a secure **Twist-Lock system** that helps protect the food from particularly curious pets, supporting regular meals and controlled portions. The non-slip rubber feet improve stability during feeding, helping to reduce movement and spills and keeping the feeding area tidier and cleaner.

VOICE MESSAGES TO STAY CLOSE TO YOUR PET

The **Voice Recorder** function lets you record a voice message to be played at mealtime, giving your pet a familiar and reassuring call even when you are not there.

DUAL POWER SUPPLY

My Feedo can be powered from the mains or with **3 D-size batteries**. If the power supply is interrupted, the feeder automatically switches to battery power. This dual power option helps ensure reliable operation even during a power outage.

WHAT SETS IT APART

- 4-litre food capacity
- Meal scheduling via app

- Up to 8 portions
- Suitable for 2–10 mm dry food
- Voice message recording
- Secure Twist-Lock lid
- Non-slip feet
- Cable or battery power supply

WHAT'S IN THE BOX

- 1 My Feedo smart feeder
- 1 bowl
- 1 wall charger
- 1 cable
- 1 user manual
