

VIVANCO

Gas Detector with Audible and Visual Alarm

SKU: VNGASALARMSMART

Instant alerts in the event of a gas leak

GAS DETECTION WITH BUILT-IN AUDIBLE AND VISUAL ALARMS

The **Vivanco Air Sense gas detector** monitors gas levels in the surrounding environment and immediately signals when an excessively high concentration is detected, providing a timely warning of potential danger. When gas is detected, the sensor triggers an audible alarm reaching at least **85 dB at a distance of 1 metre**, while a red indicator light illuminates, providing an instant and easily recognisable warning. Everything needed for quick and easy installation is included in the package.

REMOTE NOTIFICATIONS VIA GATEWAY AND VIVANCO SMART APP

Air Sense uses the **Zigbee communication protocol** to communicate with the Vivanco Gateway, sold separately. By connecting the detector to the gateway, you can pair it with the Vivanco Smart app to receive **real-time notifications on your smartphone**, even when you're away from home. The gateway centralises communication between compatible devices without connecting each sensor individually to the Wi-Fi network, helping to reduce the load on your home Wi-Fi connection. Even if the sensor is not paired with the gateway, it will still signal potential gas leaks through its built-in audible alarm, but app notifications will not be sent.

CONTINUOUS POWER SUPPLY AND 5-YEAR SENSOR LIFESPAN

The detector is powered directly from the mains electricity supply, ensuring continuous operation in the areas where it is installed. The sensor has a **stated lifespan of 5 years**, providing long-lasting protection. Air Sense operates at temperatures ranging from -10 °C to +50 °C, with humidity levels of up to 95% without condensation, and complies with the **EN50194-1** standard.

KEY FEATURES

- Gas detection from 8% LEL
- Audible alarm over 85 dB
- Complies with EN50194-1 standard
- Zigbee protocol connection
- Built-in visual alarm indicator
- 5-year sensor lifespan
- Instant app notifications via gateway
- Continuous wired power supply

WHAT'S IN THE BOX

- 1 Air Sense
- 1 installation kit
- 1 user manual

VIVANCO

Gas Detector with Audible and Visual Alarm
SKU: VNGASALARMSMART

Technical data

EAN: 8018417545559
SKU: VNGASALARMSMART
GPSR: The product must not be used by children or by people unable to understand the potential risks., Packaging of the item subject to the "Green Dot" recycling system, The item packaging is recyclable
Color: white
Weight: 0.2000 g
Connection: Zigbee communication protocol
Dimensions: 56,2 x 56,6 x 23,8 mm
Certifications: Standard EN50194-1
Included accessories: screws

Logistics data

Depth Pack: 140 mm
Width Pack: 50 mm
Depth Inner: 280 mm
Height Pack: 120 mm
