

VIVANCO

Smart Climate Sensor with Temperature and Humidity Detection

SKU: VNHUMTEMPSMART

Monitor your indoor climate, even remotely

TEMPERATURE AND HUMIDITY ALWAYS UNDER CONTROL

The **Thermo Sense climate sensor** measures indoor temperature and humidity and displays the readings directly on its built-in screen. It can be used on its own as a practical **digital thermometer**, ideal for monitoring comfort levels in living rooms, bedrooms, kitchens or other areas of the home. Alternatively, it can be paired with the Vivanco Gateway to unlock the device's smart features.

REMOTE MONITORING AND NOTIFICATIONS VIA VIVANCO GATEWAY

To check readings remotely and receive **notifications through the Vivanco Smart app**, Thermo Sense must be paired with a Vivanco Gateway, sold separately. The sensor uses a **Zigbee-compatible communication protocol**, allowing it to communicate with the gateway without requiring a dedicated connection to your Wi-Fi network. This means you can monitor the indoor climate of your home directly from your smartphone and stay updated even when you're away.

COMPACT DESIGN AND UP TO 12 MONTHS OF BATTERY LIFE

With compact dimensions of just **56.2 x 56.6 x 23.8 mm** and a weight of 70 g, Thermo Sense can be easily positioned in different areas of the home without taking up much space. The sensor does not require a continuous wired connection, as it runs on **3 AAA batteries** and offers approximately 10 to 12 months of battery life. It operates at temperatures ranging from **-10 °C to +55 °C** and humidity levels between 10% and 90%, ensuring reliable performance in different climates and seasons.

KEY FEATURES

- Temperature and humidity measurement
- Built-in display
- Compact design: 56.2 x 56.6 x 23.8 mm
- Zigbee protocol connection
- Smart app notifications when connected to the Vivanco Hub Sense gateway
- Battery powered: 3 AAA batteries
- Up to 12 months of battery life

WHAT'S IN THE BOX

- 1 Thermo Sense

- 1 user manual

Smart Climate Sensor with Temperature and Humidity Detection
SKU: VNHUMTEMPSMART

Technical data

EAN: 8018417550287
SKU: VNHUMTEMPSMART
GPSR: The product must not be used by children or by people unable to understand the potential risks., Packaging of the item subject to the "Green Dot" recycling system, The item packaging is recyclable
Color: white
Weight: 0.2000 g
Battery: 3xAAA
Connection: Zigbee communication protocol
Dimensions: 56,2 x 56,6 x 23,8 mm
