

USB-C hub with 3 ports, 100W Power Delivery fast charging and 10Gbps data transfer

SKU: VNITHUBCM31A21C1PD

Connect, transfer and charge with one compact hub

EXPAND CONNECTIVITY AND CHARGE YOUR DEVICES AT THE SAME TIME

This practical hub combines **data transfer and charging** in one solution, turning a single USB-C port into three additional connections. Featuring two USB-C ports and one USB-A port, it is ideal for laptops, tablets and smartphones: connect peripherals such as mouse, keyboard or external storage while your main device keeps charging without interruption.

FAST CHARGING WITH 100W POWER DELIVERY

The **USB-C port with Power Delivery (PD) up to 100W** enables fast and efficient charging for compatible devices. The technology automatically adjusts power output to ensure **safe and optimized charging** for laptops, tablets and smartphones. While your laptop charges, you can use the **USB-A 3.2 Gen 2 port** for high-speed data transfer (**up to 10Gbps**), while the two USB-C ports support additional connections and data transfer at 480Mbps.

SMART DESIGN FOR EVERYDAY USE AND MOBILITY

Compact and lightweight, this hub is designed to go wherever you go: the perfect accessory for home, office or travel to keep your workspace efficient and clutter-free. Simply plug it into a USB-C device to start using it instantly, with no setup required. The **integrated protective cap** keeps the connector safe from dust and wear, ensuring long-lasting durability.
