

Wireless mouse with ergonomic design and silent click

SKU: VNITMOUSEBTk

Stable connection and Windows/Mac compatibility

WIRELESS

The **wireless mouse** is compatible with most PCs and laptops with a USB port. Being cordless, you'll avoid awkward tangles and space limitations.

No installation is required: to use it, simply insert the **USB receiver** into the dedicated port on your notebook or PC. The **2.4 GHz wireless connection** ensures stable transmission, while the **operating range of up to 10 meters** allows you to scroll through slides and images even from a distance.

KEYS

In addition to the **two classic buttons** for clicking and the **wheel** for scrolling pages, you'll find a **DPI button** to adjust the cursor movement speed. This button, located behind the wheel, allows you to choose between **3 sensitivity levels**. This allows you to adapt the speed to your work pace or daily use.

Furthermore, when you want to turn off the mouse, simply press the **on/off button** located on the back.

COMPACT AND COMFORTABLE

Its **ergonomic shape** ensures **comfortable use**. Its **compact size** allows you to easily store it in a laptop bag. The **USB receiver** can be inserted directly into the mouse when not in use.

What makes it stand out:

- Wireless<
