

VIVANCO

Water- and dust-resistant fixed outdoor security camera

SKU: VNOUTCAMFIX

Smart protection for outdoor areas

SMART SECURITY FOR YOUR HOME

The **Edge Guard outdoor security camera** lets you monitor outdoor areas through the Vivanco Smart app. Once connected to Wi-Fi and powered via cable, the security camera detects motion and people and sends **accurate, instant notifications** directly to the app. Optional storage plans are also available to save recordings to the cloud. The camera provides uninterrupted monitoring thanks to continuous 24/7 recording.

DURABLE AND DESIGNED FOR OUTDOOR USE

The **IP65 rating** provides protection against water and dust, making the camera suitable for outdoor use. Edge Guard is also designed to operate in different weather conditions, remaining fully functional at temperatures from -10 °C to +45 °C. It is ideal for monitoring entrances, gardens, courtyards and other areas around your home, even when you are away.

TWO-WAY AUDIO AND FLEXIBLE CONNECTIVITY

Two-way audio lets you listen and speak through the camera directly from the app, while sound detection provides additional useful and specific alerts. Edge Guard connects via Wi-Fi and also supports a wired LAN connection for greater connection stability.

ADJUSTABLE FRAMING AND EASY INSTALLATION

Everything you need for quick and easy installation is included in the box. During installation, you can manually adjust the camera orientation to find the **most suitable fixed viewing angle** for the area you want to monitor.

CLEAR IMAGES, EVEN AT NIGHT

The high-definition **3MP resolution** delivers detailed images, while the **110° viewing angle** captures a wide area. Infrared night vision with a range of up to 10 metres allows monitoring to continue even in the dark.

WHAT SETS IT APART

- Fixed viewing angle
- 2.4 GHz and 5 GHz Wi-Fi or wired Ethernet connection
- IP65-certified outdoor protection: water and dust resistant
- High-definition 3MP video
- Motion and person detection
- Continuous cable power supply

- Real-time notifications via app
- Night vision up to 10 m
- 110° viewing angle
- Two-way audio via app
- Dimensions: 66.7 x 62.3 x 115 mm

WHAT'S IN THE BOX

- 1 Edge Guard
- 1 USB-A to USB-C cable
- 1 power adapter
- 1 bag of screws
- 1 waterproof cover for the LAN cable
- 1 user manual
