

Document shredder, up to 6 A4 sheets at the same time, 6 mm strip cut and 10 L capacity

SKU: VNSHREDL10

Quiet, compact and reliable, perfect for home or office use

SECURE DOCUMENT SHREDDING FOR UP TO 6 SHEETS

This **document shredder** is designed to handle up to **6 A4 sheets (75 g)** in a single pass, delivering practical and reliable shredding for everyday use. Ideal for **home and office use**, it lets you quickly and easily dispose of bills, personal documents, and sensitive data.

6 MM STRIP CUT WITH AUTOMATIC START & STOP FUNCTION

Thanks to the **6 mm strip cut** and **220 mm entry width**, it ensures smooth and uninterrupted operation. The **auto start/stop** function activates the device automatically when paper is inserted, while the **reverse mode** helps clear potential paper jams quickly.

10-LITRE BIN AND QUIET OPERATION

The integrated **10-litre bin** collects a generous amount of shredded paper, reducing how often it needs to be emptied. This document shredder is especially **quiet (72 dB)** and discreet, making it ideal for shared spaces, while the **overheating protection** ensures safe and long-lasting performance: the shredder will automatically stop if it exceeds a certain temperature.

WHAT MAKES IT STAND OUT

- Shreds up to 6 A4 sheets at once
- 6 mm strip cut
- Spacious 10 L bin
- Anti-jam reverse function
- Automatic start and stop
- Automatic overheating protection
- EU plug
