VIVANCO

Document and credit card shredder, 4 x 35 mm cross cut, 13 L bin

SKU: VNSHREDL13CC

More security, less noise: shreds up to 6 A4 sheets at once, also suitable for credit cards

IDEAL FOR BOTH DOCUMENTS AND CREDIT CARDS

This **document shredder** can shred up to **6 A4 sheets (75 g) at the same time** as well as **credit cards**, making it a versatile, secure and easy-to-use solution. Ideal for **home and office**, it provides effective protection for sensitive data by making personal documents, receipts and cards unreadable.

4 x 35 MM CROSS CUT FOR GREATER PROTECTION

The cutting system turns documents into small pieces **(4 x 35 mm)**, offering a higher level of security than strip cut shredding. The **auto start/stop** function makes this shredder even more convenient to use: simply insert a sheet and the machine will start automatically, then stop once the process is complete. The **reverse mode** helps quickly resolve paper jams during everyday use and makes it easy to remove stuck sheets.

13-LITRE BIN AND QUIET OPERATION

Thanks to the **large 13 L bin**, it can handle higher volumes of paper while reducing the need for frequent emptying. Once full, the bin is easy to clean: simply lift the top section to empty it. This shredder is particularly **quiet (72 dB),** making it perfect for shared environments such as offices or co-working spaces, ensuring reliable and discreet performance. The **overheating protection** adds an extra layer of safety for the device: the machine will automatically stop once it reaches a certain temperature.
