

VIVANCO

Door and Window Sensor with Opening Detection

SKU: VNWINDOWSSENSOR

Smart monitoring of doors and windows

OPENING DETECTION WITH REAL-TIME NOTIFICATIONS

The **Edge Sense sensor** lets you know when a door or window is opened, helping you keep your home under control. Connected to the Wi-Fi network and paired with the Vivanco Smart app, it can send **real-time notifications** directly to your smartphone whenever an opening is detected. A practical, smart solution for monitoring entrances, windows and other sensitive areas of your home, even when you're away.

PAIR IT WITH THE VIVANCO SIREN

Edge Sense can be used together with the **compatible Vivanco siren**, sold separately, to create a more complete alert system. By pairing both devices with the Vivanco Smart app, you can program the siren to sound an alarm whenever the sensor detects a door or window opening. This allows you to integrate simple opening detection into a wider, customisable **smart security system**.

EASY INSTALLATION WITH BATTERY MONITORING AND TAMPER DETECTION

The main sensor measures **82 x 28 x 20.6 mm**, while the magnet measures 36 x 12 x 18.8 mm. Thanks to its compact dimensions, Edge Sense is easy to install on different types of doors and windows. Everything needed for installation is included in the package. Installation on wooden surfaces is particularly recommended.

The sensor is powered by **2 AAA batteries**. You can check the battery level through the app and receive notifications when the battery is running low. The **tamper detection function** provides an additional level of monitoring: the sensor can detect when it is removed from its mounting base, detached from the installation surface or when its cover is opened. If tampering is detected, the sensor will emit an audible warning. You can also choose to receive a notification through the app.

KEY FEATURES

- Door and window opening detection
- Real-time smart notifications
- 2.4 GHz Wi-Fi connection
- Compatible with the Vivanco Echo Sense siren for an audible alarm when an opening is detected
- Battery level monitoring
- Tamper detection function
- Ideal for wooden surfaces
- Sensor dimensions: 82 x 28 x 20.6 mm
- Magnet dimensions: 36 x 12 x 18.8 mm

- Battery power: 2 AAA batteries

WHAT'S IN THE BOX

- 1 Edge Sense
- 2 3M adhesive strips
- 3 screws
- 1 user manual
- 1 QC Pass certificate

VIVANCO

Door and Window Sensor with Opening Detection
SKU: VNWINDOWSENSOR

Technical data

EAN: 8018417542947
SKU: VNWINDOWSENSOR
