

SAT connection cable

SKU: VVSAT15MM90W

Stable and secure connection for your satellite system

The 1.5-meter **satellite coaxial cable** is perfect for ensuring a stable connection between antenna, decoder, and TV. Equipped with 2 **Type F male connectors**, it easily adapts to any standard configuration.

Clear and stable signal

Thanks to the **double internal shielding**, the cable ensures consistently clear and interference-free **audio/video transmission**, even in the presence of other electrical sources.

Flexible and durable

The **kink protection** and **soft-touch grip** make this cable comfortable to handle and perfect for use in small spaces, while also ensuring long-lasting durability.

- Male F connector to male F connector
- Shielding: 90 dB
- Double shielding
- Ideal for connecting SAT receivers to satellite antenna sockets
