

Connection cable for decoder, double F connector

SKU: VVSAT50MMFERW

Optimal transmission with triple shielding and gold-plated contacts

The 5-meter **satellite coaxial cable** is perfect for ensuring a stable connection between antenna, decoder, and TV. Equipped with **2 Type F male connectors**, it easily adapts to any standard configuration.

Clear and stable signal

Thanks to the **double internal shielding**, the cable ensures consistently clear and interference-free **audio/video transmission**, even in the presence of other electrical sources.

Flexible and durable

The **kink protection** and **soft-touch grip** make this cable comfortable to handle and perfect for use in small spaces, while also ensuring long-lasting durability.

- F-to-F-connector
- For optimal signal transmission to the receiver
- Triple shielding
- 100% OFC copper inner conductor
- Shielding: 110 dB
- 24-karat gold-plated contacts
