

Full HD indoor antenna with curved design

SKU: VVTVANTSAMLONG

Optimal TV reception with LTE filter and advanced compatibility

Full HD indoor antenna with a curved design, ideal for receiving high-definition TV signals directly at home.

Perfect for a camper or apartment

This **indoor TV antenna** lets you watch your favorite programs **without an external satellite dish**. It doesn't require installation on a roof or balcony: thanks to its compact size (30 cm), it can be easily positioned **on a piece of furniture with the included bracket** or **on a wall** thanks to the rear openings.

Easy to install and with a built-in amplifier

The antenna is powered via the **included USB charger** or a **Micro-USB cable** connected to the TV or a wall charger. The **audio-video signal is amplified** thanks to the external amplifier, which has **3 modes**: Off, Standard, and Turbo. Turbo mode is ideal in areas with weak signals.

Zero Internet Interference

The antenna does not interfere with **Wi-Fi** or mobile signals, ensuring smooth and uninterrupted viewing.

- Ultra-compact design for easy integration into any environment
- Built-in LTE filter to reduce interference from mobile signals
- Compatible with DVB-T, DVB-T2, and DAB+
- Supports resolutions up to 1080p Full HD
